

## DEVELOPMENT OF THE COMPOUND OF THE PRIMARY SCHOOL IN LOKUSERO, KENYA

Lokusero, Laikipia  
County, Kenya

### Current situation

Lokusero Primary School is the only primary school for the entire Maasai community in Lokusero. The school with its boarding facilities is located on community land of the Maasai, Il-Ngwesi and Tassia, and was built in 1956. In 2010, an initial AMU project to build dormitories and a kitchen was completed. Currently, the school has 360 students and 8 classrooms. The government only helps with the funding of staff and school materials.

### Background

The majority of the students are Maasai. The Maasai are primarily engaged in extensive cattle herding. In a semi-nomadic lifestyle, they move with their herds over large areas in search of water, grass, etc. Currently, a little more than half of the 360 students attend the boarding school.
